I appoint Pharming Healthcare, Inc., RUCONEST SOLUTIONS, its affiliates, and their representatives on my behalf to convey this prescription described herein to the dispensing pharmacy. I understand that I may not delegate signature authority.

The prescriber is to comply with his/her state specific prescription requirements such as e-prescribing, state specific prescription form, fax language, etc. Non-compliance with state specific requirements could result in outreach to the prescriber.

I certify that therapy with RUCONEST is medically necessary for this patient. I have reviewed the current RUCONEST Prescribing Information. Disclaimer: By my signature, I certify that I am a physician or a healthcare provider authorized to sign on behalf of a physician and that I authorize RUCONEST SOLUTIONS and its agents (the "Helpline") to use any information provided on this form for the purposes of verifying coverage and benefits for RUCONEST, or referring the patient to the RUCONEST Patient Assistance Program in the event the patient does not have insurance. I certify that I have a signed copy on file of this patient's authorization (in a form that complies with all applicable state and federal laws) that allows me and the patient's health insurers to use and disclose the patient's health information, including his or her medical and insurance coverage information and records, to the Helpline, the RUCONEST Patient Assistance Program, and their respective agents (collectively, the "Helpline"), and that allows the Helpline to use that information to: (1) verify, investigate, assist with, and coordinate the patient's coverage for RUCONEST with health insurers; (2) enroll the patient in, and contact him/her about the Patient Assistance Program, financial support programs and other patient support programs; (3) facilitate and coordinate prescription fulfillment and nursing services with a contracted specialty pharmacy; and (4) assist with analyses related to the quality, efficacy, and safety of RUCONEST. I understand and agree that I remain responsible for complying with all applicable federal and state laws regarding patient privacy. The Authorization form signed by the patient that I have on file informs the patient that: (a) the information disclosed may include the patient's health status; (b) the patient's information may be subject to redisclosure by the recipients and no longer protected by state or federal privacy laws; (c) the patient's treatment, payment, enrollment in a health plan, or eligibility for benefits is not conditioned on the patient providing the authorization; (d) the patient has the right to revoke the Authorization at any time by calling the Helpline at 1-855-613-4423; (e) such revocation would end the patient's eligibility to participate in the program; and (f) if the patient revokes the Authorization, the revocation will not affect previous disclosures made in reliance on the patient's Authorization. The patient's signature will be maintained and available for audit purposes, as required by all applicable state and federal privacy laws. To the best of my knowledge, all information contained in this form is correct and complete and consistent with applicable privacy laws and regulations, and I understand that the Helpline is relying on this representation.
